

Ocean Swift Synthesis - Quick Cut

A simple bread-and-butter quick EQ solution providing both low and high cut with an adjustable slope feature.

Controls:

Low Cut: Cutoff point for the low cut eq.

Low Slope: Slope of the low cut eq. A choice between 1-4 slopes.

High Cut: Cutoff point for the high cut eq.

High Slope: Slope of the low cut eq. A choice between 1-4 slopes.
